## Ready for Reunion? "This is the Time"

**Reunion is right around the corner and associates are hustling to make sure they've got everything in order to provide our franchisees and guests with a World Class Experience.**

While many other franchisors have eliminated conventions this year due to the economy, we still believe that Reunion is one of our most important annual events. It's a time we can come together as a family of franchise companies and focus on sharing best practices, networking, and learning new capabilities. History shows that life will always have its tough times; Reunion allows us to escape the complexity and instead gain clarity about what we can control.

Reunion is also a time to slow down and have some Fun in the Process! Our reunion committee has been planning for months (basically since last summer) to ensure that this year's event is the best in our 28-year history!

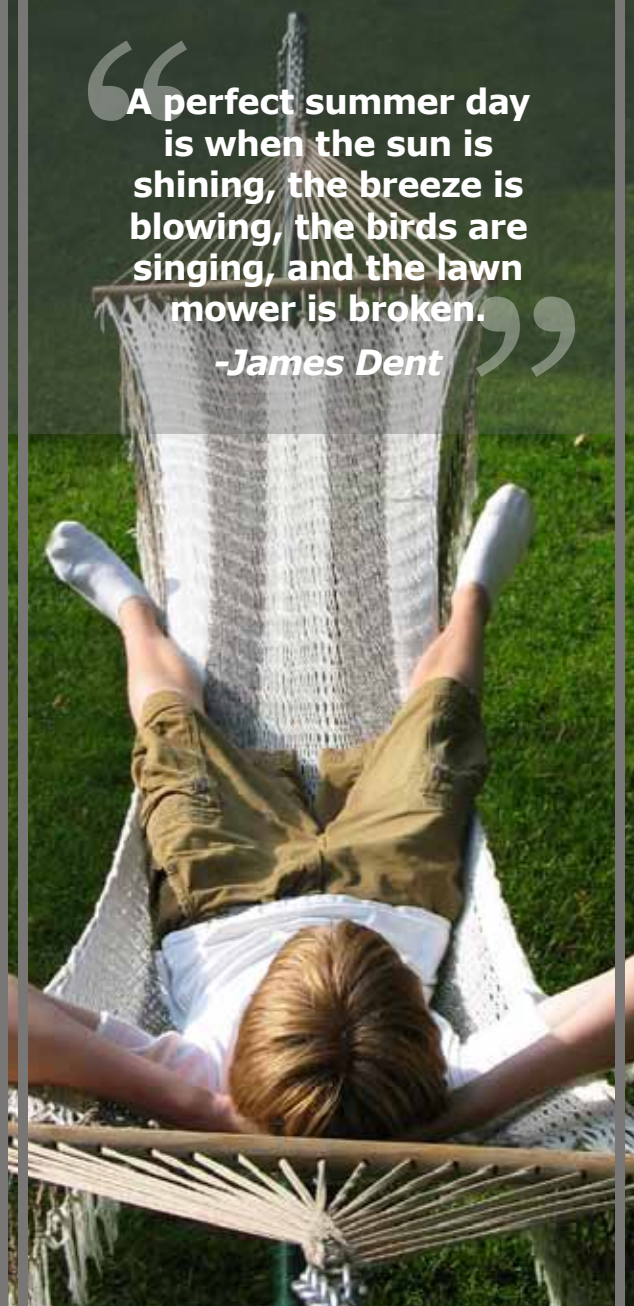

We are also expecting 106 guests each one currently determining what to do with their lives and businesses. I'm certain our sales team will help guide them to the right decisions.

As we head to Las Vegas I wish everyone a safe trip. And to those of you staying behind to hold down the fort, I wish you a productive week; it will be quiet on campus.

I look forward to returning from Vegas and hearing the wonderful feedback.

**Thanks for your commitment to our franchisees' success!**
